

Responsible Visitor Charter

We are on a Green Journey

We are working hard to make Verdant Leisure parks more eco-friendly, particularly in relation to waste management and energy conservation, but we need your help. We can all reduce our impact on the environment by the choices that we make. As a visitor to the area you play a really important role in helping us conserve the region and become a more sustainable holiday destination.

Here are some tips on how you can help:

SHOP LOCAL

Visit local shops and buy local produce. Our parks are located in some of the UK's most beautiful areas and there is a fantastic range of food, drink and arts and crafts producers in our local areas who need your support.

REDUCE, REUSE, RECYCLE

We have recycling facilities at all of our parks. Please take re-usable bags when shopping.

RESPECT NATURE

Dogs are welcome on our parks and in selected accommodation but please keep them on a lead and help us look after this beautiful landscape by disposing of litter in the bins provided.

CONSERVE ENERGY

Turn the lights and heating off when you go out. All our holiday accommodation is double glazed, centrally heated and extremely well insulated. If you need to open a window, turn the heating off first.

LEAVE THE CAR KEYS BEHIND

...if only for a day. Explore the area by walking, cycling or using public transport. Our reception teams are happy to provide maps, timetables and local information.

BE WATER WISE

Turn the tap off when brushing your teeth!

SUPPORT GREEN BUSINESSES

There are thousands of businesses in the UK working to reduce their carbon footprint through the Green Tourism Business Scheme. Businesses are awarded Bronze, Silver and Gold for their efforts to be more sustainable. All of Verdant Leisure's parks currently have the Silver award with the exception of Golden Coast and Ballintuim who have just joined the scheme.
